## Overdue Fees-Concessions

The school considers applications from families who are experiencing difficulties meeting the cost of fees, but does not grant concessions for fees that are in arrears.

Families needing a concession must contact the school (3857 2443) and request a concession form. Once returned, an appointment will be made for the family to meet with the Principal or Parish Priest (or his representative). The decision to grant a concession is made on the family's assessed ability to pay based on the information disclosed by the family and nationally recognised poverty scales.

Concessions do not continue automatically from one year to the next. Reapplication is necessary.
