SPONSORS WANTED

for our 125 year celebrations

The Sponsorship committee is asking parents to consider businesses/people they know, who may be interested in supporting the school next year through sponsorship.

Next year is an amazing opportunity for these businesses to become involved in the year long festivities to celebrate the Northside’s oldest Catholic School turning 125 years. During the year there will be various opportunities for the sponsors to receive valuable advertising and exposure.

We are very grateful for our generous supporters who give donations each year and we hope they will continue to support us.

If you can provide potential details to either Kirsty or Kylee (as below) so they can be contacted, or alternatively, we are more than happy to meet and provide you with all the information you may require to present this opportunity.

Thank you for your assistance.
