

# Key Dimensions of the Holy Cross School Parents and Friends' Association's Contribution to the School Community

At Holy Cross School, the Parents and Friends' Association see their role as having 7 Key Dimensions that sometimes overlap:

1. Social
2. Pastoral
3. Resourcing
4. Financing
5. Fundraising
6. Environmental
7. Education

Our aim is to support the school Principal and staff in providing a high quality inclusive Catholic Education for our children within a nurturing environment. Keeping the 'community spirit' alive is important to us. In addition to the 7 dimensions that have been identified, support is given to the school community in terms of volunteering for example, in the Tuckshop (baking and serving), assistance in the Uniform Shop, and help in the classroom. We also have other sub-committees (e.g., Festival and Grants) that provide an important role in the life of our school. We also have parents in each class who volunteer as Class Co-ordinators who co-ordinate social activities for families in their class, assist with enlisting volunteers for various activities, informing pastoral committee when assistance is required and promoting School events.

SOCIAL	PASTORAL	RESOURCING	FINANCING	FUNDRAISING	ENVIRONMENTAL	EDUCATION
Welcome BBQ	Monetary Support for those in need	Class Resources as required	Year 6/7 Bi annual Snow Trip	Festival	Working Bees as needed	Library Funding
